We ask that care is taken around the animals and that you respect the guidelines in approaching Alpacas given to you by the guide. No holding of alpaca pellets above adult shoulder height, as alpacas can jump. If guidelines are not followed, the visitor(s) will be asked to leave the paddock or feeding area.
8. Protection and care of alpacas and visitors: If alpacas are being provoked, teased or harassed in any way, the visitor(s) will be asked to leave the paddock or feeding area (e.g. throwing food at the alpacas, chasing them, scaring them, etc)
9. Alpaca Health: As the health of our animals is very important to us, paid visitors will just be allowed only one cup of food per person and alpaca babies are not to be fed alpaca pellets.
10. Car parking is provided and designated for coaches, campervans and private vehicles. You must comply with the car parking signs and instructions set out in the car parking area.
